Pashman Stein Walder Hayden is proud to announce that Partner Joseph A. Hayden, Jr. has been named to InsiderNJ's 2018 Insider 100 Policy Makers List. InsiderNJ.com presents a profiled list of New Jersey's top policy makers and policy influencers that have direct, real-time ties to legislative leadership.

Max Pizarro, compiler of the list says, "This is InsiderNJ's second such list of New Jersey's top policymakers, and you'll find that it contains several plot points and twists differentiating it from last year's inaugural list."

The purely subjective list is an acknowledgement of accomplishments, numerous contributions and community service. The list is select individuals noted for the work they do outside of elected office as they seek to expand the capacities of our collective policy square.
