Joe Hayden a member of Pashman Stein Walder Hayden's Criminal Defense and Governmental and Internal Investigations Group was quoted in the InsiderNJ.com article, "That's No Witch Hunt, Says InsiderNJ Legal Analyst Hayden." The article reports on the raid this week by the FBI of the offices of the attorney for President Donald J. Trump.

"It's not a witch hunt by Mueller if someone in DOJ is signing off on it," Hayden said. "If the Southern District of New York finds something that pertains to his investigation they can ship it back. This was done professionally at a very high level. An examination of the facts clearly shows it was not a witch hunt.

The head of the FBI was a Republican appointment appointed by Trump," Hayden added. "It's a Republican AG and [Deputy Attorney General Rod] Rosenstein is a Republican. To in any way suggest a Democratic witch hunt doesn't hold up to the scrutiny of fact. It really doesn't. The facts are the facts. If people want to be tribal and believe what they want to believe, they can but they're not looking at facts."
