We are pleased to announce that Pashman Stein is one of only 18 New Jersey law firms to have been ranked and recommended by the *Benchmark Litigation*—the definitive guide to America's leading litigation firms and attorneys. Benchmark is the only law firm ranking publication to focus exclusively on litigation. Michael S. Stein, Co-Founder and Litigation Chair of Pashman Stein, was also recognized as a Local Litigation Star.

The results of *Benchmark Litigation* stem from the culmination of a research period (lasting from four to six months, depending on region) where researchers conduct extensive interviews with litigators and their clients to identify the leading litigators and firms. During these interviews, researchers examine recent casework handled by law firms and ask individual litigators to offer their professional opinions on peers. Firms cannot pay to be recommended for the guide.

Recommendations are based on interviews with the nation's leading private practice lawyers and in-house counsel.

“New Jersey is home to many high-profile litigators whose practices have earned both regional and even national recognition. It is an honor to have been included among these best-in-breed practices by Benchmark,” noted Michael Stein. “This endorsement by Benchmark is another fine example of how we, as a boutique litigation firm, have earned the level of recognition that has historically been characteristic of much larger firms. This speaks to our very real commitment to the highest standards of lawyering and client service.”
